When logging in to the "party" please make sure you sign in to your device with your student's first and last name

For the safety of everyone, we need to be able to identify you as a Holt student, or you won't be let in.

**REMEMBER: Part of our appropriate technology practice is that we do not share school information such as this with those who do not go to our school. If we were to experience inappropriate participation, it would make it very hard for us to do incredibly fun kinds of things like this again in the future.**
